

GUIDE TO RING SIZE

Read all instructions carefully as the measurement may not be accurate if not done properly. Before you print this page, make sure you set "PAGE SCALING" to "NONE" in print dialog box. Measurement may not be accurate if page scaling is set to "fit" or "small" or "large".

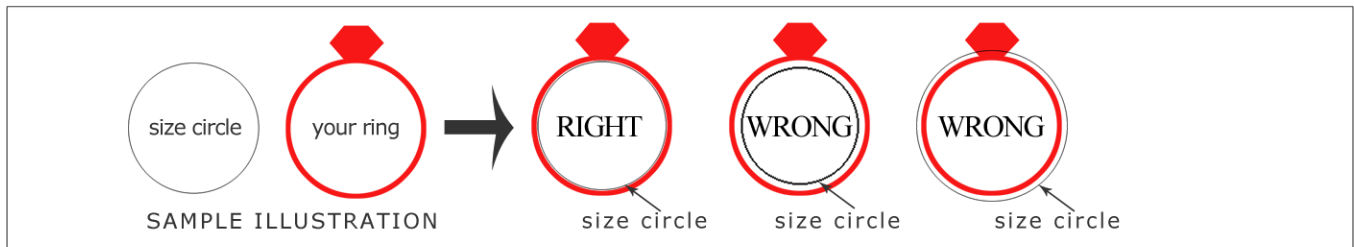

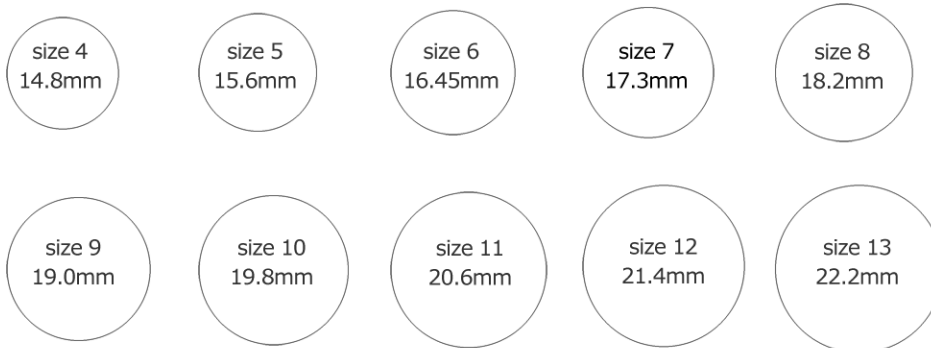

CONFIRM YOUR PRINTED PAPER SIZE HERE

0 INCH 1 INCH 2 INCH 3 INCH

After you print, measure the bar on left to ensure it is exactly 3 inches long.

METHOD A - MEASURING YOUR EXISTING RING

1. Select a ring that properly fits your finger.
2. Place the ring over the circles below, matching the inside of the ring to the circle nearest in size.
3. If the ring falls between two sizes, order the larger size for your comfort.

METHOD B - MEASURING YOUR FINGER WITH PAPER SIZER

1. Cut along the line of the sizer as well as the small slit at the left end of the sizer.
2. Insert the pointed end of the paper sizer through the "cut here" slit.
3. With numbers on the outside, place the loop around your finger.
4. Pull until the fit is snug but comfortable.
5. The number that lines up at the slit represents the ring size for that finger.
